

ILSC VET ONLINE –

WELCOME TO MOODLE!

What is it?

Moodle is your virtual learning environment, an interactive site full of great resources to help you complete your studies successfully. Here you can:

- access all your lecture content
- find links to helpful websites
- learn all about your assessments
- find extra help with understanding workbook tasks

On Moodle, you can build a profile as you would on other social networking sites, send and receive messages from your tutor and classmates, and start your own discussions. In future you'll be able to submit your assignments online.

How do I find it?

You can access it through the internet from any computer by going to <http://ilsc.moodle.com.au/> and logging in with your username and password.

Log in with:

- ✓ Internet Explorer 9,
- ✓ Firefox
- ✓ Chrome

What do I do first?

Edit your profile! After you log in, scroll down to the **SETTINGS** box on the right hand side of the home page. Click on *My profile settings*, then *Edit profile*. Here you can put in information about your interests, put up a picture, and change your password.

Where do I find my courses?

You will see your course in the top box on the right hand side, **COURSE CATEGORIES**. Click on your course, and all your units will be displayed. You are ready to begin!
